

# London to Paris

21-25 September 2023

**Join Transaid in 2023 as we set out to ride from London to Paris!**

**We will leave from Greenwich Observatory and head to Newhaven where we will catch the ferry across to Dieppe, before spending two days edging our way ever closer to the iconic Eiffel tower and a victory dance.**

**What better way to mark 25 years of Transaid with such a big challenge!**

Join us and other like-minded individuals from across the transport and logistics industry in fundraising support Transaid's life-saving work in sub-Saharan Africa, providing safe and sustainable transport solutions where they are needed most.

In September 2023 we will be cycling 187 miles (climbing 8,200 ft) across three days, from Greenwich Observatory in London to the Eiffel Tower in Paris. Participants will have the opportunity to experience magnificent English countryside and picturesque French rural landscapes, all from our saddles!

**Join us and celebrate 25 years of Transaid!**

**DURATION: 5 DAYS**  
**CYCLING: 3 DAYS**  
**DISTANCE: 187 MILES**  
**REG FEE: £149**
